### Note.

**W**HILE the records to follow are given verbatim, slight rearrangements have been made to better accommodate the subject matter to the printed page, and in the "Parish Record of Baptisms" the names of sponsors have been omitted. The "Register of Births," while not a part of the Parish Records proper, was found among the papers of the church and the text has been included in this volume because of its evident genealogical value. The identity of the compiler of this Register cannot be definitely ascertained although she was in all probability Mary Griffiths, widow of Lieutenant Thomas Burrows, who married Arent Stevens, February 4, 1750. The name of Mary Stevens appears on the list of pew holders in St. George's Church in 1766 and in 1772. She was born in the year 1719 and died July 2, 1794, twenty-six years after the death of her second husband.
